## DEPARTMENT OF COMPUTER SCIENCE

## SEMINAR REPORT

To hone the students with right skills and behaviors required for successful team learning. Students will utilize these abilities and behaviors to create state of mind and methodologies that promote academic and individual success. It provides an opportunity for students to gain information on modern innovations and progressive communication skills.

**Seminar Topics**:

1. Internet of Things (IoT): Connecting the Physical and Digital World.

2. Cyber security in the Digital Age: Protecting Our Digital Assets.

3. Machine Learning and Its Role in Predictive Analytics.

4. Artificial Intelligence and its Impact on Society.

This seminar is conducted for all three years UG students. It was held on 16th November 2023. Trophies and merit certificates have been awarded to the successful candidates and participation certificates have also been issued to the participants.
